ADRIENNE

Adrienne is a traditional classic, crafted using sophisticated finishing techniques to achieve the look of water gilded leaf. The beauty of the collection lays in the detailing by using contrast to highlight hand-burnished high luster against the soft luminance of brushed leaf.

This collection is made in Italy, utilizing the enduring quality and heritage of European craftsmanship. The 3 classic profiles are produced upon select pine, providing for consistency in the finish.

◁ Timeless Brilliance

Metallic finishes never go out of style, employing framing solutions for traditional to modern art and interior design motifs. ▽
